Redistribution and reallocation of the Police force in the Chitaldrug District

From

The I. G. of Police in Mysore

No. 5143/565 Dated 23.1.07 Received 24.1.07

Diary No. J/818 Enclos. 5 Spare Copies. .. Serial No. /

Brief Abstract of Letter.

Submits proposals for the redistribution and reallocation of the Police force in the Chitaldrug Dt.

NOTES AND ORDERS.

The present and the proposed strengths of the lower grades as given by the I.G. are:—

	Present Strength	
Jamedars	Daffedars	Constables
	68	580

Notes—First sheet.

MGCPB—30,000—17 2·05.

General and Revenue Secretariat.

Police File No. 139 of 1906-07

Serial No.

Proposed Strength

Jamedars	Daffedars	Constables
18	56	530

It is stated that the scheme will result in a net saving in cost of Rs 2964 per annum. The Shimoga Dt. which is larger in area and has a larger population is given 23 Jamedars, 48 Daffedars and 456 constables. The larger number of daffedars & constables allowed to the Chitaldroog Dt is, it is stated, required on account of the more extensive and difficult-to-patrol British border and the larger number of important high roads.

The D.G. also states that liberal provision has been made for frontier and road patrol and that all Taluks will have two Investigating Centres with the exception of Heribar Sub Taluk

The Dt. Reserve is proposed to be strengthened by 2 Jamedars, 3 Daffedars and 20 Constables

General and Revenue Secretariat.

Police File No. 189 of 1906-07

Serial No.

The I.G. reports that the results of the scheme have been favourable

The Dy. Comr. suggests that Anandapur and Nagar which are at present Sub-Stations may be converted into Investigation Centres and that Saulebennur and Tore which are outposts may be constituted Sub-Stations. The I.G. agrees with the Dy. Comr and also states that an addition of at least 10 constables is required for the Dt. Reserve. He proposes that the extra cost of Rs 74 involved in the above proposals may be met out of the savings of Rs 247 under the Childdrug scheme

14 It is also requested that Govt. may postpone passing final orders on the Childdrug scheme till the I.G. has been able to submit schemes for the Hassan, Kadur and Tumkur Dts which, it is stated, are nearly complete and which he hopes to submit by the end of this month. Subd. for orders.

No: 565

Enclosure No: 4 Slips + a
map 2 sets

Submitting proposals regarding the redistribution & reallocation of the Police force in the Chitaldrug Dt.

No: 5143/565 En 4 slips & a map separately

Office of the
Inspector General of Police in Mysore.
Dated Bangalore, January 1907.

From,

F. E. C. Carr Esquire,
Inspector General of Police
in Mysore.

To,

K. S. Chandrasekhara Iyer Esquire, B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

I have the honor to place before Government proposals regarding the redistribution and reallocation of the Police Force in the Chitaldroog District.

In working out the scheme I have availed myself of the accurate local knowledge of the Deputy Commissioner, Mr. H. Ramanuja Iyengar, and of the Superintendent of Police Mr. Nadig Subba Rao, and the present Assistant Superintendent Mr. B. Ramaswamiah, and have myself studied the local needs on the spot during my recent visits to the District.

The present and proposed strength in the lower grades is given below:-

Present strength.			Proposed strength.		
Jamedars	Duffedars	Constables.	Jamedars	Duffedars	Constables.
11	68	580	18	56	530.

The revised scheme results therefore in a decrease of 12 Duffedars and 50 constables, and an increase of 7 Jamedars -

in

in other words in a net saving in cost of Rs247/- per mensem or Rs2964/- per annum.

Shimoga, where the Investigating Centre Scheme has been in operation for over a year with good results, has an area of 4024 square miles, a population of 5,31,736 with 1986 villages, and an average of 633 crimes per year, has been given a Police Force of 23 Jamedars 48 Duffedars and 456 men. It is now proposed that Chitaldroog which has an area of 4022 square miles a population of 5,00,528 with 1383 villages and an average of 461 crimes per year, should have 18 Jamedars 56 Duffedars and 530 men.

The larger number of Duffedars, and men, allowed to Chitaldroog, is required on account of the more extensive and difficult-to-patrol British border, and the larger number of important high roads.

In redistributing the stations and beats, care has been taken to make liberal provision for frontier and road patrol. Village beats have also been provided for to the extent necessary. In out-of-the-way places qualified 1st grade Duffedars are proposed to be located, with power to hold inquests and to attend to urgent duties when the Inspector and the Jamedar are otherwise engaged. All Head Quarter Stations have been provided with an extra 1st class Duffedar, except Harihar, which has a Duffedar for each of its stations, on account of its extensive British borders.

All Taluks will have two Investigating Centres with the exception of Harihar Sub Taluk.

The District Reserve is proposed to be strengthened by 2 Jamedars, and 3 Duffedars - the latter to meet casualties and for escort of prisoners, and the former to assist the Prosecuting Inspector, and be available for any extra executive work when necessary. Thus it will be seen that no radical changes are proposed and that no dislocation of work in the District need

be

be apprehended. Only 2 stations - Hirehalli and Dodchelur in the Chellakere Taluk - are recommended to be abolished, after careful consideration of the local requirements and conditions.

I request that you will be so good as to move Government to accord their early sanction to the proposal.

Statements A to D and a map of the District are attached.

I have the honor to be,

Sir,

Your most obedient servant,

F.C. Cam

Inspector General of Police.

No 508

Sir,

With reference to your docket No 9/2327 Pol 139-06-3 dated 5.2.1907, I have the honour to forward herewith a copy of my letter No 488 8-2-07 to the Inspector-General of Police in Mysore on the working of the Investigating centre scheme in this District.

I have the honour, to be,
Sir
Your most obedient Servant

Deputy Commissioner,
Shimoga District

1906-07

From
M. Narain Rao Esquire
Deputy Commissioner,
Shimoga District

To
F. & L. Lewis Esquire
Inspector General of Police
in Mysore.

Date 488
No 8 2.1907

Sir,

With reference to your No 4240/325 of 20.12.1906 calling for a report on the working of the new Investigating Centre Scheme, I have the honour to report that the new Scheme came into force in this District in December 1905 and that twenty Investigating centres

Centres as shown in the annexed statement A were formed as detailed in Government order No. $\frac{254}{Pol.-17-3}$ of 22-7-1905. The formation of these Centres necessitated a redistribution of the Police Force and it was reorganized as shown in the annexed statement B.

2. The new Scheme, I am glad to say, has been working satisfactorily. The advantage of the Scheme consists in all cases being handled by a superior Class of Police officers instead of by Duffedars and Constables. There has been no Complaint against the new Scheme on the part of the people and the results achieved under it are very encouraging.

3. The present Sagar and Kalmakkottai Ranges are very extensive in area and the Range-Dars there find it difficult to attend promptly to all Cases. I would therefore recommend that Investigation Centres be established at Ananthapuram and at Nagari under a Range Dar. This was suggested by my predecessor when the Scheme was

were formulated and you have been pleased in your letter No 2423/200 dated 28th September 1906 to permit Nagar being Constituted into an Investigating Centre under a Jamedar to be taken from the District Reserve Force, but as the Reserve Force cannot afford to lose one of its Jamedars I would suggest that two Jamedars in addition to the existing Scale may be sanctioned.

4. Santhebennur in Chenna giri Taluk and Jade in Sorab Taluk are now outposts under Lance Duffedars. As both of them are situated at long distances from the Investigation Centres to which they belong, I beg to recommend that they may be converted into substations and the 1st class Duffedars now stationed at Anantapur and at Nagar be transferred to these outposts.

I have etc.

(Signed) M. Narain Rao
Deputy Commissioner

SIR

Reference:-

Your letter No: J.2326-Police 139-06-2 dated 5th February 1907 calling for a report on the working of the Investigating Centre Scheme in the Shimoga District.

I have the honor to forward herewith, copy of letter No: 488 dated 8th ultimo from the Deputy Commissioner, Shimoga District, in which he reports that the scheme has been working satisfactorily. I would add that it can hardly be otherwise, seeing that the scheme was inaugurated primarily with the object of providing higher paid and better qualified officers to investigate crime; and thus do away with the just complaint of the public - as evidenced in the Indian Police Commission's report - that investigating officers were often too poor and too ill-educated to resist corruption and bribery.

It will be seen that the Deputy Commissioner recommends

recommends the opening of two more investigating centres at Nagar and Anantapur, and also proposes that Jade out-post in the Sorab Taluk, and Santebennur out post in Chennagiri, be constituted Sub Stations.

This in my opinion is further and incontestible evidence that Mr. Narain Rao approves of the new scheme in its entirety.

3. As regards Nagar, I find the crime is remarkably light, the average number for 10 years, for the whole investigating centre of Kallurkatte, which includes Nagar and four out posts, being only 38. However, there is no doubt the country in this malnad tract is peculiarly difficult to traverse during the monsoon, and the stations are widely scattered; and I therefore agree with the Deputy Commissioner in thinking that another investigating centre should be constituted at Nagar, and I have therefore issued orders that one of the three extra Reserve Jamedars, lately sanctioned under the new scheme, should be sent there. This arrangement will involve no extra cost.

4. As regards the establishment of another Investigating Centre at Anantapur, I have discussed the matter in all its bearings at Shimoga with the Deputy Commissioner, and the Assistant Superintendent of Police Mr. Ranoji Rao; and we have decided that the Jamedar at Arlagode may be transferred to Anantapur, as a tentative measure, seeing how little crime is annually reported in the Arlagode centre - viz., about 8 or 10 per annum. The Sagar and the new Anantapur Centres will then stand as noted below:-

Sagar Centre.	Talguppa. Masur. Arlagode. Karur. Kodur.
Anantapur Centre.	Anantapur. Ullur. Avinahalli.

This

This change will therefore cost Government nothing extra.

5. The conversion of the two out posts Jade and Santebennur into Sub Stations is also we consider necessary. Jade though only 9 miles from the investigating centre at Anvetti, has no road communication with its range station; is on the other side of the Warda river which is often impassable during the monsoon; and is situated on the borders of the District. The 1st class Duffedar from Nagar will be placed in charge of this sub station, its present 3rd class Duffedar being drafted to the District Reserve, in place of the Jamedar ordered to Nagar. This therefore entails no extra expenditure.

6. As for Santebennur, it is a long way - sixteen miles by road - from Basavapatna, its range station, and is not connected with the Kasba station by any direct road. A 1st class Duffedar may therefore be posted here, instead of the present 3rd class Duffedar, to facilitate the holding of inquests and the receiving of complaints. This will entail an additional expenditure of ₹4/- a month.

7. A year's experience of actual working, has also shewn ...at an addition of at least 10 constables is required for the District Reserve, to raise it to the total strength of 50 constables. Out of the present strength of 40, 14 men are taken away for orderly duties; 6 to escort prisoners from and to Courts and miscellaneous duty; 6 to escort prisoners to Bangalore from District and Taluk Lock-ups; 4 to help in the District office as clerks - leaving only 10 men for other duties. This number it needs hardly be said, is not sufficient, seeing that for the six dacoity months of the year, the frontier patrols have to be strengthened . In fact it was to meet this call that I increased the District Reserve in my scheme. Extra cost ₹70/- for 10 2nd class constables at ₹7/- a month.

8. The total increase in cost of these proposals will thus come to ₹74/- per mensem, which may be met out of the savings of ₹247/- per mensem shewn under the Chitaldroog

District

District scheme.

9. With reference to the request of Government that my report should compare the police work in the Shimoga District prior to the introduction of the redistribution scheme, with the out-turn subsequent to it, I beg to enclose two statements, showing the results of investigation work during the half years, 1st July 1905 to 31st December 1905 (before the introduction of the scheme) and 1st July 1906 to 31st December 1906 (after its introduction). The results of a full official year are not obtainable at present. The results of the comparison are on the whole satisfactory; as 8 out of the 10 Taluks in the District show a decided improvement in the handling of crime. For exampl fewer cases have been thrown out as false, and a larger number kept on the Police file (pending) - which shows that the Police have been more careful in coming to conclusions. Sagar and Honnali are the only Taluks which show worse results in the latter half year. In Sagar this is entirely due to the bad work of the Inspector. Taking the figures for the whole District, I find that the percentage of cases ending in conviction to total cases investigated in the half year ending December 1906, is slightly better than for the corresponding previous half year. When we exclude the two Taluks badly worked, we find that the percentage rises from 26·2 in 1905 to 32·1 in 1906.

The percentage of convictions to number of cases placed before Magistrates on A sheets was in 1906 - 65·7 for the whole District, or 68·9 excluding Sagar and Honnali, which is a very fair average.

10. The scheme was only introduced a year ago, and there were naturally difficulties to overcome before it could be brought into thorough working order. Notwithstanding this, the results have been favourable, and I have every assurance that when the scheme is better understood, and worked in strict accord -ance with my instructions, results will fully justify its introduction.

11. As the schemes for the Hassan, Kadur, and Tumkur Districts are nearly complete, I would ask Government to kindly postpone final orders on the Chitaldroog scheme, till I have submitted these others; when all four can be taken together, averages struck as regards increases or decreases of expenditure, and final orders issued. I hope to submit the schemes for these other 3 Districts by the end of this month, when I have completed my tour in the Kadur District.

I have the honor to be,

Sir,

Your most obedient servant

F. C. Lamb

Inspector General of Police.

R-L-N.

No: 488. Dated 8th February 1907.

From,

M. Narain Rao Esquire,
Deputy Commissioner,
Shimoga District.

To,

F. E. C. Carr Esquire,
Inspector General of Police
in Mysore.

Sir,

With reference to your No: 4240/325 of 20-12-06 calling for a report on the working of the new Investigating Centre Scheme, I have the honor to report that the new scheme came into force in this District in December 1905, and that twenty Investigating centres as shewn in the annexed statement A were formed as detailed in Government Order No: J.254/Police 17-3 of 22-7-05. The formation of these centres necessitated a redistribution of the Police Force and it was reorganized as shewn in the annexed statement B.

2. The new scheme, I am glad to say has been working satisfactorily. The advantage of the scheme consists in all cases being handled by a superior class of Police officers, instead of by Duffedars and constables. There has been no complaint against the new scheme on the part of the people and the results achieved under it are very encouraging.

3. The present Sagar and Kalurkatte ranges are very extensive in area and the Jamedars there find it difficult to attend promptly to all cases. I would therefore recommend that investigation centres be established at Anantapur and at Nagar under a Jamedar. This was suggested by my predecessor when the scheme was formulated, and you have been pleased in your letter

No: 2423/200 dated 28th September 1906 to permit Nagar being constituted into an Investigating Centre under a Jamedar to be taken from the District Reserve Force, but as the Reserve Force cannot afford to lose one of its Jamedars, I would suggest that two Jamedars in addition to the existing scale may be sanctioned.

4. Santhebennur in Chennagiri Taluk and Jade in the Sorab Taluk are now out posts under lance Duffedars. As both of them are situated at long distances from the Investigation centres to which they belong, I beg to recommend that they may be converted into Sub Stations, and the 1st class Duffedars now stationed at Anantapur and Nagar be transferred to these out posts.

I have &c.,

(Signed.) M. Narain Rao.

Deputy Commissioner,

Shimoga District.

(*Continuation Sheet draft form.*)

Order Memo. No. J 3209-10
Pol 139-6-6
D/18.4.0

As requested by the Inspector-General of Police, orders on the subject of the redistribution & reallocation of the Police force in the Akyab district must be deferred till the schemes for the Hassan, Kadur & Tumkur districts are also received.

2. The scheme sanctioned for redistribution & reallocation sanctioned for the Shimoga district with the orders of the 22nd July '10 read above has been in operation only since introduced only a year ago; but the D. I. G. of Police and the Deputy Commr. of Shimoga however, report that the scheme has so far been working satisfactorily - The Inspector-General now proposes with the concurrence of the Deputy Commr. that (1) a new investigating centre be established at Nagar (2) the existing investigating centre at Anlagode be transferred to Anantapur & (3) that the outpost at Jade be converted

and it is perhaps too soon to judge of the results of the working of the new scheme.

sub a Sub-Station. These proposals, which involve no extra cost, are commended.

3. The I. G. also recommends that the out-post at Lantebennu be also provided with a Sub-Station and proposes ~~that the ... with a ... to ... of ... and that the ... for the ... and that a ... be ...~~ that a 1st Class Duffadar be posted to the place, instead of the present 3rd Class Duffadar, entailing an additional expenditure of £54/ per annum. The I. G. further recommends the raising of the strength of the District Reserve from 40 to 50, which involves an extra cost of £70 per annum. The total increase in cost under the above two heads is proposed to be met out of the saving of £247 shown under the new scheme for the Central District. The Govt. are pleased to approve of the proposal to convert the Lantebennu out-post to a Sub-Station; but the question of adding to the District Reserve will stand over till the disposal of the scheme for the Central District.
